Düsseldorf - Full-time - 743999696234208

Apply Now:

<https://jobs.smartrecruiters.com/Ubisoft2/743999696234208-senior-tools-programmer-uplay-pc-f-m-d-?oga=true>

As a part of the team, you will be responsible to develop, design and maintain the tool stack and middleware that powers our infrastructure and client as well as the PC game teams within Ubisoft to deliver the full Uplay PC experience. You will be using a wide spectrum of technologies ranging from C++, Python to web technology and databases.

Further responsibilities include:

You will join a multi-disciplinary team where everyone is willing to expand their knowledge and are encouraged to continue learning new things. The team is characterized by passion, comradery and the love for pc gaming. You will work in close collaboration with the other programmers, designers and testers with the opportunity to visit and work from collaborating studios.

- Writing clear, modular and maintainable code
- Participating in or leading task forces for technical design and implementation/improvements of new features or tools.
- By observing and communicating with the rest of the team: research, develop and propose new tools to make the team more efficient.
- Developing and maintaining, testing, debugging, and profiling of new and existing features. This covers topics such as:
 - Tools for Platform operation,
 - Developer tools,
 - Test frameworks,
 - Data management and distribution,
 - Monitoring and alerting frameworks,
 - Build and Deployment systems,
 - Documentation frameworks
- Knowledge sharing.

You as a person:

You're driven person that is passionate about developing software platform for games with millions of users. Furthermore, you believe in team ownership of what you create and you will be working with your colleagues to learn, share ideas and solve complex problems. You consider yourself a generalist programmer with a strong drive to learn new skills.

- Good C++ skills
- Basic knowledge in Python, MySQL, NoSQL, CMake, Network Programming
- Bonus: C#, JavaScript, PHP, Powershell, Ruby, InfluxDB, ElasticStack, Linux, Jenkins, PostgreSQL, Chromium Embedded Framework, Protocol Buffers, REST, Zabbix

Your Benefits

- Relocation Support: We offer financial support in form of a cash allowance and assistance with accommodation search and settle-in support via our relocation partner, for international candidates we offer visa assistance.
- 26 days paid vacation per year. Additionally, you will get half a day off on Christmas Eve and New Year's Eve and approximately 11 bank holidays in the NRW region.
- Flexible Working Hours: We have core working times between 10:00 AM – 04:00 PM and the distribution of the other hours is up to you.
- Company Pension Scheme. We offer an attractive scheme through salary sacrificing in which the employer also matches contributions
- Up to 350€ childcare support per child per month. In addition, we also offer 5 'care for ill children days' per child per year.
- Discounted Games. We regularly order Ubisoft Games for super cheap prices for our employees.
- Gym Subsidy. We contribute 50% (up to a maximum amount of 25€) towards the monthly cost of a gym membership of your choice.
- Lunch & Breakfast Service. Enjoy fresh discounted meals each day.
- Monthly Mobility Budget. 80€ per month that can be used on bicycle lease, parking spot rental or public transportation ticket.
- Our Ubisoft Blue Byte Academy offers multiple opportunities for you to discover your full potential and develop yourself in various areas.
- English and German classes for free. Main language in the studio is English.
- Free fresh Fruit, Coffee, Tea and Water. Enjoy fresh fruit and beverages in our office.

Applications should include your CV and a cover letter - detailing your motivation, earliest starting date and salary expectations.
