The Producer is responsible for managing the budget, schedule and quality of the
development of a game and/or game feature. Managing the communication between the
different parties and ensures that the development resources are focused on the right areas.
Furthermore, he is responsible for an aligned project vision and the strategic evolution of the
project.

In this project the producer is responsible for the successful collaboration with Ubisoft
Düsseldorf, Ubisoft Mainz and the Rainbow Six Siege lead team in Montreal. The mission is to
ensure an ambitious and high-quality contribution of the Ubisoft Blue Byte teams to the
overall product.

Responsibilities

• Manage the mandate for the project in close collaboration with the lead production team at
  Montreal and the Studio Codev Director in Düsseldorf.
• Manage and maintain a strong and well-rounded development team at Ubisoft Düsseldorf &
  Ubisoft Mainz in an ever-changing live-environment that is capable of delivering AAA
  experiences to the players.
• Implement and optimize efficient project management systems that give the necessary
  structure to the development team and ensures delivery in time, budget and excellent quality.

Specific Tasks

• You are responsible to manage the game’s product development cycle at Ubisoft Düsseldorf &
  Ubisoft Mainz and the related features, including conception, pre-production, production,
  approval, quality assurance, code release and constant iterations and improvements in a live-
  environment.
• Define the milestone schedule & content and validate delivered key milestones in relation with
  the objectives in collaboration with the lead studio.
• Manage time efficiently by planning, task prioritization, resource coordination, risk assessment
and proactive problem solving.

- Establish a vision and strategy for the development of better-quality games and ensure that quality objectives are met.
- Continue to build a prosperous relationship to the lead team by hands-on stakeholder management.
- Maintain and evolve your existing team to ensure highest AAA quality in all areas of development.

- Has worked either as lead producer or experienced associate producer on an AAA title for a major publisher.
- Has shipped at least one AAA title from start to end.
- Shipped an AAA game within Ubisoft is a plus.
- College or university degree in management, administration or equivalent is a plus.
- Expert knowledge of project management methods in game development.
- The ability to work with and as part of multiple international teams, both internal and external.
- Excellent oral and written communication skills as well as good instructional skills.
- Enthusiasm for on-going learning and development.
- Excellent self-organization and self-motivation abilities.
- Excellent in networking and stakeholder management.
- Experience in developing & operating a live game (GaaS, DevOps)
- Passion for computer games
