Ubisoft's Blue Byte studio is seeking Development Testers for our team in Düsseldorf, Germany. Bring your passion for virtual reality and join our diverse development team, as we create an exciting new AAA experience for VR gamers! As a Development Tester, you will work alongside internal and external test teams and content developers to maintain the quality of our project by finding, reproducing, and documenting bugs, as well as providing feedback on how the game feels as a player.

Specific Tasks:

- Perform daily build tests, and be responsible for the quality and stability of new game content and post-launch releases
  - Work alongside content developers in Agile sprints to plan and perform tests against new game features
  - Report and monitor bugs and game design problems in a large database
  - Verify fixes applied by developers and ensure new bugs were not introduced
  - Proactively escalate urgent issues encountered in the game
  - Provide feedback on features in development
  - Perform ad-hoc testing to find issues not covered by test plans
  - Create and maintain documentation to aid with development and testing
  - Assist in the testing of new project tools before they are deployed
  - Ensure that the tested software meets first-party certification criteria as part of master certifications
  - Test on multiple VR platforms
- 
- Able to investigate bugs to find their simplest reproduction steps
  - Able to describe complex bugs in concise writing
  - Proficient in handling bug tracking databases (JIRA or similar)
  - Experienced at working with test plans and reporting results

- At least one year experience in software or game testing
- Comfortable working with test teams and content development teams
- Proficient in written and spoken English
- Experience with Agile project development is a plus
- Experience and passion for VR gaming is a plus
- Experience in AAA game development is a plus
- Experience working with Unity is a plus
- Experience working in global teams is a plus
- ISTQB foundation level is a plus
