In order to continue delivering highly qualitative and innovative game plays we are looking for a motivated and passionate Service Programmer (Java) (f/m/d) that aspires to take games to the next level. In ambitious projects you will build up and maintain high-value productions as Developer in a multi-cultural team. With your experience, you are able to provide a strong technical background, collaborate with teams all around the world and support the team to create a great online services suite for Ubisoft Games (including our AAA Games).

*This position will be located at Ubisoft Düsseldorf studio (Germany), and requires relocation; we cannot offer remote work.*

Your Impact:

- You develop and maintain new and existing online service used throughout the company
  - You define and design software requirements and specifications based on user requirements
  - You cooperate with project management to ensure on-time high quality delivery for the product departments
  - You thoroughly document your work in order to transfer knowledge to your team members
  - You are able to create a development plan and break it down into small, clear tasks
- 
- Minimum of 1 year experience as a software engineer (Java) in a professional environment (not within educational curriculum)
  - Knowledge of Restful Web Services (both consuming and producing sides)
  - Micro Service Architecture experience
  - Knowledge of Agile and Continuous Delivery practices
  - You are able to work in an agile, fluent English speaking team
  - You are familiar with analyzing and debugging performance issues

Bonus Level (not compulsory):

- Experience with DevOps culture
- Experience with AWS or other cloud providers
- Experience with Linux

## Your Benefits

- Working in a small & agile team
- Friendly & open work environment
- Flexible working hours & good work-life balance
- Team events
- Management open door policy
- Gamification
- Mobility budget
- Regular time for self-development & external and internal training, education in our in-house guilds and knowledge sharing with other teams
- Fresh fruit, coffee, gym membership subsidy, support for child care, company pension etc.
