As part of the Ubisoft Connect PC & Access production team, you will be involved in the implementation of features and components throughout the full spectrum of web development. You will be using a variety of technologies and programming languages, including but not limited to HTML, JavaScript / TypeScript, CSS / SCSS and frontend frameworks like Vue.js and Angular.

You will work closely with a multi-disciplinary team of programmers, designers and testers where everyone is willing to share their knowledge and are encouraged to evolve every day. The team spans across several countries and is characterized by passion, collaboration and the love for PC gaming.

You will also have the option to visit and work from collaborating studios.

Responsibilities:

- Write clear, modular and maintainable code
- Participate in or lead feature task forces for technical design and implementation/improvement of new features.
- Testing, debugging, profiling and maintaining existing code
- Develop and maintain new public-facing web applications, shown in the Ubisoft Connect PC & Access client and on the web

We believe to succeed in this role you're a result focused person, who is passionate about developing platform software for games with millions of users. Furthermore, you believe in team ownership of what you craft and will be working with your colleagues to learn, share ideas and solve complex problems.

Longing to be part of a fun, creative and passionate workplace? We can offer you this and more in an open and friendly environment where you will work with some of the best craftsmen in the industry. Are you up for it? Come aboard for the ride!

- Excellent skills in JavaScript, TypeScript, HTML and stylesheet languages (CSS, SCSS, etc.)

- 8+ years of professional programming experience
- 3+ years experience with modern JavaScript frameworks (preferably Vue.js)
- Experience with common JavaScript tools and toolchains (e.g., webpack)
- Experience with common JavaScript testing frameworks (e.g., Jest)
- Knowledge of C++, C#, .NET Core or databases is a bonus.

Your benefits:

- Relocation Support
- 26 days paid vacation per year. Additionally, you will get half a day off on Christmas Eve and New Year's Eve and approximately 11 bank holidays
- Healthcare and life insurance
- Company Pension Scheme.
- Opportunities for growth on your desired career path: Leadership training, workshops, guest speakers from the industry, online Ubisoft learning platform, coaches, Experts and library.
- Up to 350€ childcare support per child per month.
- Discounted Games.
- Gym Subsidy. We contribute 50% (up to a maximum amount of 25€) towards the monthly cost of a gym membership of your choice.
- Monthly Mobility Budget. 80€
- Our Ubisoft Blue Byte Academy offers multiple opportunities for you to discover your full potential and develop yourself in various areas.
- English and German classes for free. Main language in the studio is English.

We offer a highly motivating challenge for team players interested in showing personal initiative in an innovative and international company. If you are passionate about video games and would like to join an industry leader - please apply via our career portal.
