Avatar: Frontiers of Pandora

As part of Avatar Frontiers of Pandora, you will play an instrumental role in bringing to life the beautiful and dangerous world of Pandora. This is a unique opportunity to keep growing your experience in games while working hand in hand with Disney's creative minds and James Cameron's production company, Lightstorm Entertainment.

Your Impact

- Design, implement, test and document the technical aspects of features for a AAA game on PC & console
 - Work together with other international Ubisoft studios
 - Work with game designers and fellow programmers to conceptualize and realize the functionality
 - Analyze and understand game design to define required features and game systems to be developed
 - Development of features within a multi-threaded environment.
 - Implement and optimize systems in C++ with designers
 - Analyse and understand game design to define requirements for features and game systems to be developed.
 - Plan your schedule effectively using AGILE methodology
 - Identify and resolve bugs identified by people from other disciplines, the quality control team, and your peers.
-
- 5+ years of professional experience
 - Experience in video game programming
 - Experience in mentoring and supporting more junior team members
 - Excellent knowledge of C++
 - Knowledge of multithreaded development
 - Experience in programming robust and efficient code
 - Strong ability for analyzing and extending existing code
 - Ability to provide solid estimations
 - Great interpersonal and communication skills; we integrate directly with teams around the

world

- Fluent in English
